

CARLISLE TRAILS COMMITTEE

Memo

To: Vanessa Moroney, Chair, Carlisle Board of Selectmen
From: Alan Ankers, Chair, Carlisle Trails Committee
Re: Sorli Farm Preservation Plan
Date: December 12, 2015

At the December 4, 2015 meeting, the Carlisle Trails Committee voted unanimously to express their wholehearted support of the proposed plan for preservation, by means of a Conservation Restriction purchased with CPA funds, of a large part of the Sorli Farm on Westford Street, as presented by Steve Hinton of the Carlisle Conservation Foundation.

All members of the Committee visited the property with Mr. Hinton and reviewed the proposed trail easement across the field. While the Committee was intrigued by the potential of further trail connections extending through to West Street, they agreed that the public access trail easement on this property alone would be a tremendous addition to the town's public trail system.
